

# ▶ The Codero Rewards Catalog 2012

## Just the Basics

The Codero Rewards program rewards Codero customers by helping you scale your business' growth by offering upgrade items that you can redeem. Add bandwidth, extra disk space or even managed services to your server by using your collection of points, which grows with each dollar you spend with Codero\*. You keep these points throughout the lifetime of the hosted server.

Register to start collecting points within your server portal or visit [www.codero.com/company/codero-rewards/](http://www.codero.com/company/codero-rewards/) for more information.

**Are you on Facebook or Twitter?** Fan at **Codero** or follow us **@codero** and receive an extra 200 rewards points with a maximum of 400 Points. To redeem these points, send us an email with your username and customer ID.
